E-Commerce Website | *React, REST-API* |

[Source Code](#)

- Created personal E-commerce site to gain insight on how a business website works
- Connected DB server using JSON-server package to make HTTP requests to REST-API servers
- Implemented Basic Routing techniques to respond to client request: HTTP/URI

TECHNICAL SKILLS

Languages: Python, C/C++, SQL(MySQL), MongoDB, JavaScript, HTML, CSS

Frameworks: React, Node.js, Bootstrap

Developer Tools: Git, VS Code, Postman, Linux

Others: Data Structures, Algorithms, STL, Object-Oriented Programming, DBMS, Computer Networks, OS, SDLC

CODING PROFILES & CERTIFICATES

Leetcode

[Leetcode Profile](#)

Solved 600+ problems on Leetcode - Aug, 2023

LinkedIn Learning & Great Learning

[Certificates](#)

Python Fundamentals, Front End Development HTML CSS, Courses Related to Computer Networking

ACHIEVEMENTS

- Participated in Kannadada Kotyadhipathi(KBC Kannada) [Episode link](#)
- Bagged Scholarship for Academic Excellence
